iChad - A TV host

Sam - His nerdy female co-host

*Hip techno music plays as iChad and Sam enter.*

ICHAD: Hey, guys, welcome to iChad, the most excellent show that brings you the latest in technology. I'm your host iChad, and with me is my co-host, Sam. Say hi, Sam.

SAM: Hi.

ICHAD: Here on iChad, we want to share with you the amazing things you can be doing on all your devices. Sam, what totally amazing device have you brought with you this week?

SAM: My phone.

ICHAD: Okay, rock on, phones are cool because these days, you can do so much on your phone. You can play video games your Mom and Dad used to have to spend quarters to play in an arcade.

SAM: What's an arcade?

ICHAD: You can carry a whole library of books on your phone instead of having to haul all those books around.

SAM: What's a library?

ICHAD: And you can even make a phone call.

SAM: What's a phone call?

ICHAD: Now all phones have these things called apps. Apps are programs that help us do everything from play games to sending messages to playing music.

SAM: And the coolest app of them all is the Bible app!

ICHAD: Totally! The Bible app is awesome because it lets you read the Bible on your phone. Not just parts of it, but the whole thing if you want!

SAM: You can skip to a special book and chapter. Or you can start at the beginning. You can even choose which translation to read.

ICHAD: I prefer the New International Revised Version. It's a good translation that puts the Bible in words I can understand. How about you?

SAM: I like the New King James Version. It's classic, but with a modern twist.

ICHAD: Cool, I can dig it.

SAM: The best thing about the Bible app is that it's like having a Bible on your smart phone. These phones may claim to have an app for everything, but the Bible really does have a verse for everything.

ICHAD: That's right, Sam. Whatever you're going through, whatever good times or bad you're in, the Bible has an answer for you.

SAM: And the Bible can introduce you to Jesus who can give you eternal life.

ICHAD: The Bible is the first and best app for your new device. So head to the app store, download it to your device, and start downloading God's Word into your heart.

SAM: No lightning cord required!

ICHAD: That's all from iChad this week! Good day, and have a pleasant tomorrow.
