ICHAD: Hey, guys, welcome to iChad, the most excellent show that brings you the latest in technology. I'm your host iChad, and with me is my co-host, Sam.

SAM: Hey.

ICHAD: This week on iChad, we're going to talk about an app that lets you build your own world. It's like Legos, only better, and there's no limit to what you can do there!

SAM: We're talking about Minecraft!

ICHAD: Minecraft is the most awesome game of building and construction you can get on a tablet. You can build anything from a house to a giant castle.

SAM: Boats, ships, spaceships.

ICHAD: Giant towers, sprawling cities.

SAM: Farms, schools, churches, shopping malls.

ICHAD: If you can dream it up, you can build it on Minecraft.

SAM: One time I built a giant fort, way, way up in the sky. It was suspended high above the ground with nothing but a long ladder connecting it to the world below.

ICHAD: How were you able to do that?

SAM: Because it's just a game, not for real.

ICHAD: That's a good point. You can build castles and houses and anything you want up in the sky in Minecraft because you don't have to worry about pesky things like gravity.

SAM: Or mud, or swampland, or any of the things that would sink a house in real life.

ICHAD: Which reminds me of something Jesus taught us: we need to build our lives on a solid foundation. We won't last very long if our life is built up in the clouds with nothing to support us.

SAM: We need a firm foundation. We need Jesus.

ICHAD: We need to make Jesus first in our lives, from the moment we wake up until we go to bed at night. When we make Jesus number one, he will help us to survive any storm that comes our way.

SAM: And not just the for real storms. We mean the figurative storms of life.

ICHAD: When bad news comes, when things don't go our way, when we lose out on something we really wanted to happen, God will help us to stand strong on a solid foundation.

SAM: So keep building those Minecraft cities in the sky.

ICHAD: Build whatever you can dream up!

SAM: But remember to build your real life on Jesus.

ICHAD: That's all for iChad this week, gang. Good day, and have a pleasant tomorrow.
