

OBJECT LESSON OR KIDS SERMON

ITEMS NEEDED:

Sunglasses

Pass out a few cool pairs of sunglasses, and let the kids try them on.

Can someone tell me why we use sunglasses and sunscreen at the beach?

Too much sun can be harmful to us. It can harm our skin and our eyes. We use sunglasses for the same reason we use sunscreen - to protect ourselves from the harmful effects of the sun.

One of the reasons we have the Bible is so we can protect ourselves from something else that is harmful: sin. The Bible tells us what sin is, so we know it when we see it. The Bible also tells us to get away from sin and to rely on God to help us resist sin. The Bible also tells us that when we do mess up, Jesus is ready to forgive us.

You have to think ahead when you go to the beach. You need to bring sunglasses and sunscreen if you want to avoid the damage of the sun. Be sure to protect yourself from sin by planning ahead. Rely on God and on his word to protect yourself. He will not fail you.
